

CLIMATE CHANGE

UNDERSTANDING THE SCIENCE AND THE SOLUTIONS

Human activities are driving climate change. Understanding the science is the key to understanding why and how the climate is changing and what we can/must do to reduce our carbon footprint.

Who: Tina Di Clemente (Elders for Climate Sanity, 350.org)

When: Friday, January 17th, 2020, 7 p.m.

Where: St. Mark's United Church, 1 Lynndale Drive, Dundas (corner Governor's Rd. & Creighton Dr.)

Why: **We are facing an existential climate crisis and need to take action**

Sponsored by EcoWHam (Eco Churches of West Hamilton) with promotional support by Environment Hamilton, 350.org, Elders for Climate Sanity, EcoLocke (Eco Churches of Locke Street/Kirkendall) and the Association of Dundas Churches.

This event is free. Light refreshments will be served.
